

## ZEN TACTICAL ENGAGEMENT SIMULATOR (ZEN TacSim™)

Zen Tactical Engagement Simulator (Zen TacSim™) is a real-time, force-on-force eye-safe, laser-based tactical training system that permits conduct of live exercises with troops as in actual combat at a place of choice.

Ideal for all Commando Units, Special Operation Groups, Special Task Forces, Special Forces, Training Centers, Armed Battalions of Police and all Law Enforcement Agencies.

Enables training in active, insurgency-prone and field areas within the confines of security forces area.

Helps practicing skills acquired during training in field craft, battle drills and live fire practice during operational exercises.

[www.zentechnologies.com](http://www.zentechnologies.com)

Uses Individual Harness Sets for man and displays the events in real time by integrating Harness, Weapon, GPS, Control Unit and the Communication Module.

Every weapon in the inventory of a unit can be configured.

Records, collates and analyzes the information. Enables briefing debriefing, planning of operation, analysis of terrain, force employed or assessed, recording of events and assessment of performance.
