

About Us

Goal Group

We operate Australia's largest complimentary SME model helping the Defence sector optimise capability and assets.

Defence is all about teamwork and trust. These same principles shaped the Goal Group. Goal has committed and successful partner companies working with Goal's employees under the unified Goal Group brand delivering advanced Defence solutions and services.

Goal Group Consultants

Goal's consultants are carefully chosen for their skills, high level expertise and extensive experience in Defence and government. We choose our consultants with a vision of offering superior services which meet all our clients' needs.

Our affiliations with several small to medium enterprises means we have access to a network of consultants who hold the necessary clearance and certification to operate within the Defence and government sectors.

Goal offers a full complement of consultancy services, and we can mobilise quickly to fill in the gaps within your organisation to get the job done.

Goal Group provides professional services to the ADF

Complimentary SME Model

Defence & Security

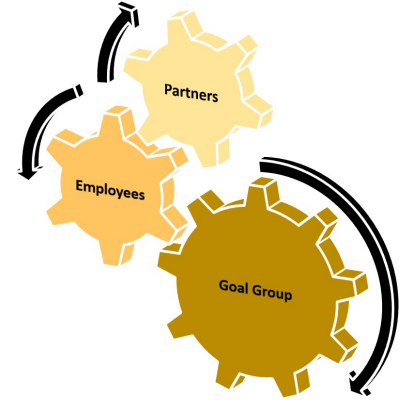

Goal Group Partners

Each Partner is a specialist covering numerous Defence specific and relevant services. Problems facing Defence are complex and complementary services are necessary to provide a complete solution. Goal Group has the technical skills and experience throughout the Group to deliver consolidated approaches with the agility of an SME but the skills depth of a Prime.

Take a look at our services and Partner companies to gain an appreciation for the Complimentary SME model advantages.

**Veteran Owned
Veteran Led
Veteran Supported**

Transitioning Veteran Focus

At Goal, veterans are part of our team and have been for our 15 years in operation. Veterans remind us of our purpose and that what we do matters to those in uniform. Goal backs up our strong belief in supporting veterans by helping to provide for the emotional, physical and mental needs of former service members as well as providing assistance to transitioning service members.

Our efforts to recruit, hire, develop and promote veterans has become part of our DNA. Goal also supports the Swansea RSL and the Australian Industry & Defence Network (AIDN) plus the Hunter Defence Task Force by real volunteer commitment.

Over 80% of Goal's team are Australian Defence Force veterans. Please see Goal's commitment as expressed by the Australian Defence Veterans' Covenant
